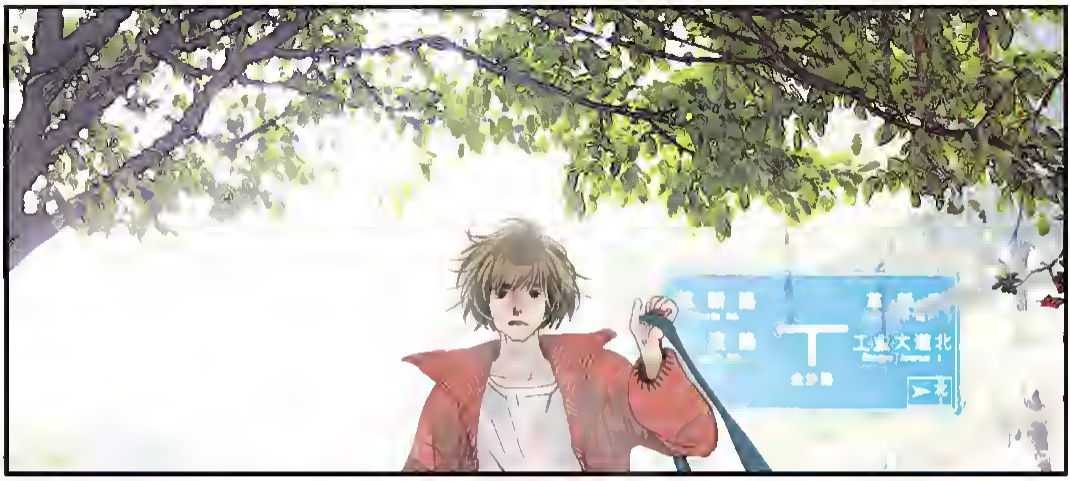
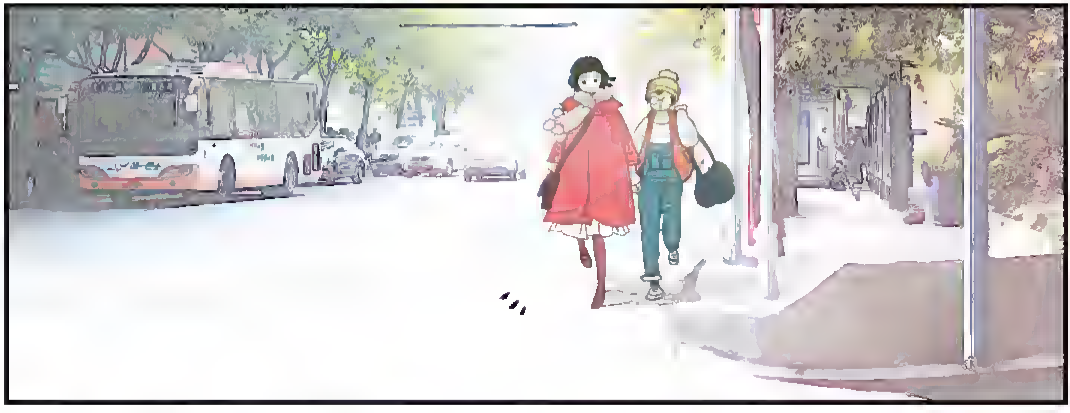
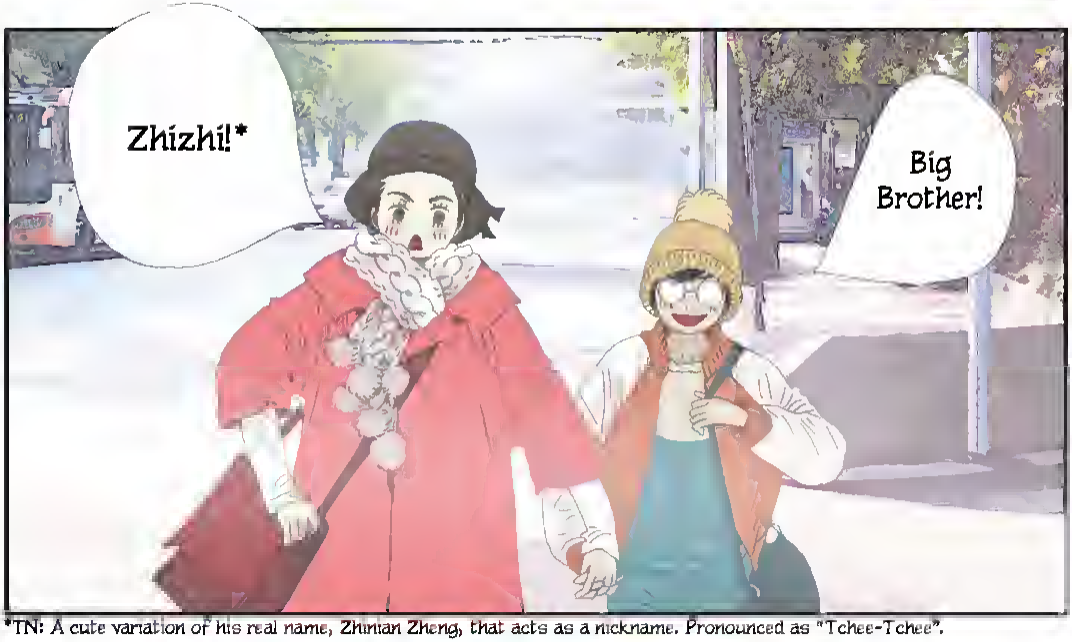
Chapter 2







*TN: A cute variation of his real name, Zhimin Zheng, that acts as a nickname. Pronounced as "Tchee-Tchee".

Let's go shopping!

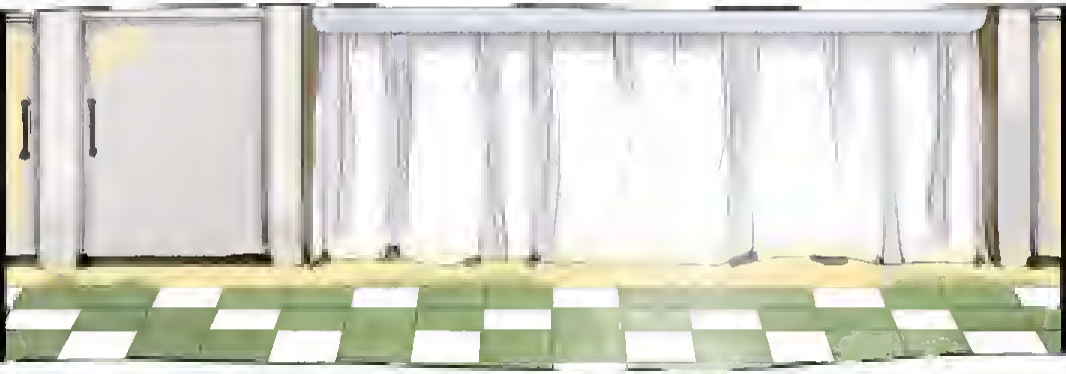
ZHIZHI LOOKS A LOT LIKE PAPA.
HIS TEMPERAMENT ALSO RESEMBLES PAPA'S. HE'S GENTLE YET STEADY, AND NEVER GETS ANGRY.

JUST LIKE PAPA, HE LOVES COOKING.
ALTHOUGH, ZHIZHI'S COOKING IS EVEN MORE AMAZING.

Zhizhi is the child of father and another woman.
Though why would mother invite him into our family? I don't understand at all.

I don't want to understand either.
I only know that with Zhizhi here, things are truly great.

This home turned into a nightmare the moment we lost father.



It's Zhizhi who brought the delicious scent of food back into this home,
and the laughter back into our family.

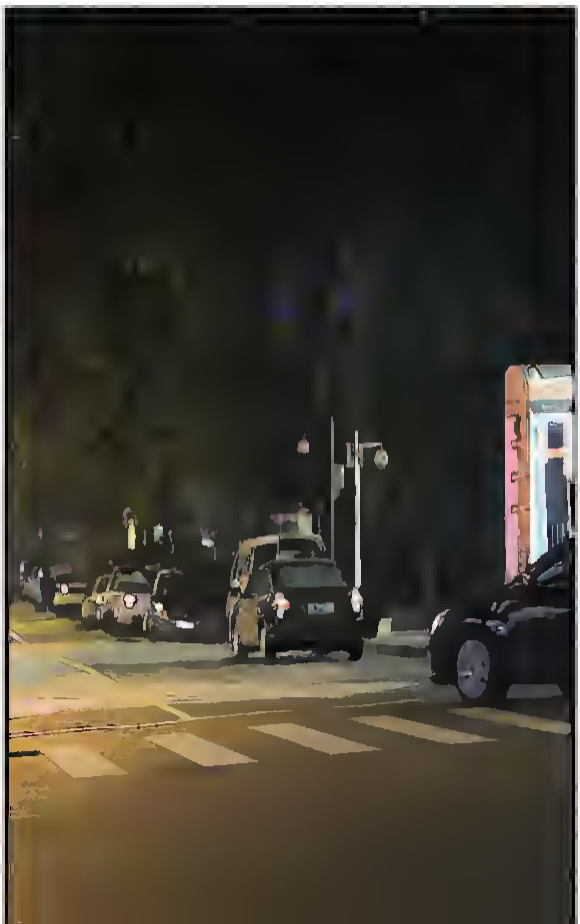
ZHIZHI IS THIS FAMILY'S SAVING STAR.

The attack didn't work, dammit!
Haha!
Big bro-ther.
Big bro-ther.
Big bro-ther.
What's up, Sanguo?
I gotta pee...

I left the light on.
Why are you still afraid, hm?
Even with the lights on, the monsters will still come.

You have to stay with me.

Kay.



Yihua?
What's up? Can't sleep?
Zhizhi...
I... I'm gonna die...
My tummy...
My tummy hurts so much!
Can you stand up? Let's go to the hospital.
It hurts...
Sanguo wants to go to the hospital too!

Stop joking around! The hospital isn't an amusement park, stupid!
Sanguo, be a good girl. Can you wait at home for us?
I don't wanna! There are monsters at home!
Jeez, what will I do with you...
Big bro is the best!

Zhinian Zheng?
I've been looking forward to meeting you for a long time.
Hm?
Big bro, carry me!

She has a slight enteritis. It's nothing major. After the IV drip has finished, you can go home.
Great.
She has to sleep for a while yet though. Since you're having to wait, how about we go get some grilled skewers?
Do you like grilled skewers?
Huh?

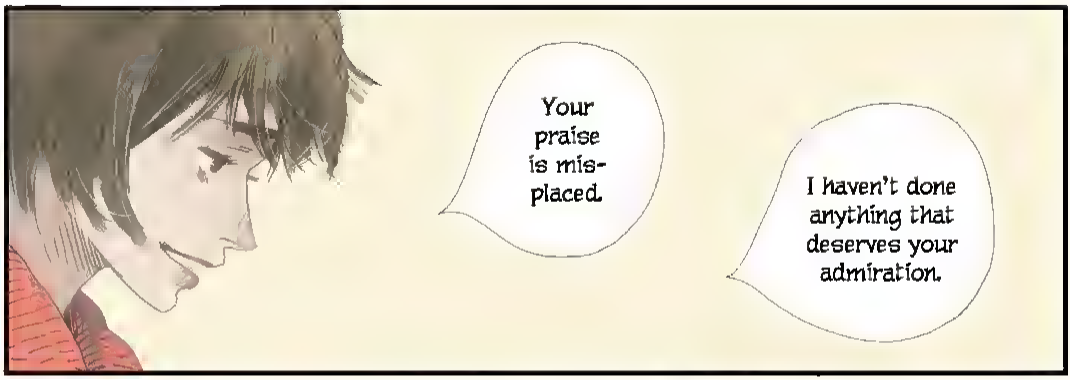
Does the little missy like chicken gizzard?
I do!
.....

It's always so good!
Dammit, I really want a beer, but I'm still on duty!
Mister Doctor is quite handsome. Just a bit less handsome than big brother.
Sanguo, you're saying some strange things.
But he's really lacking a bit compared to big brother.
No, I'm already very moved by such praise.
The beerless night-shift doctor's dried up heart has been soothed.
When I have my own hospital, little missy can come and get treated for free!
Really? What about big brother? Can he come for free too?
You can both come for free!
Sanguo...

Little missy, let me ask you something. If...
you had to choose between your mother and your brother,
Which would you choose?
Big Bro!
!
Doctor...
Haha, I shot my mouth off. Sorry about that.
I heard a little about your situation. It must be pretty hard to deal with.
But you're managing it so well, I'm impressed.

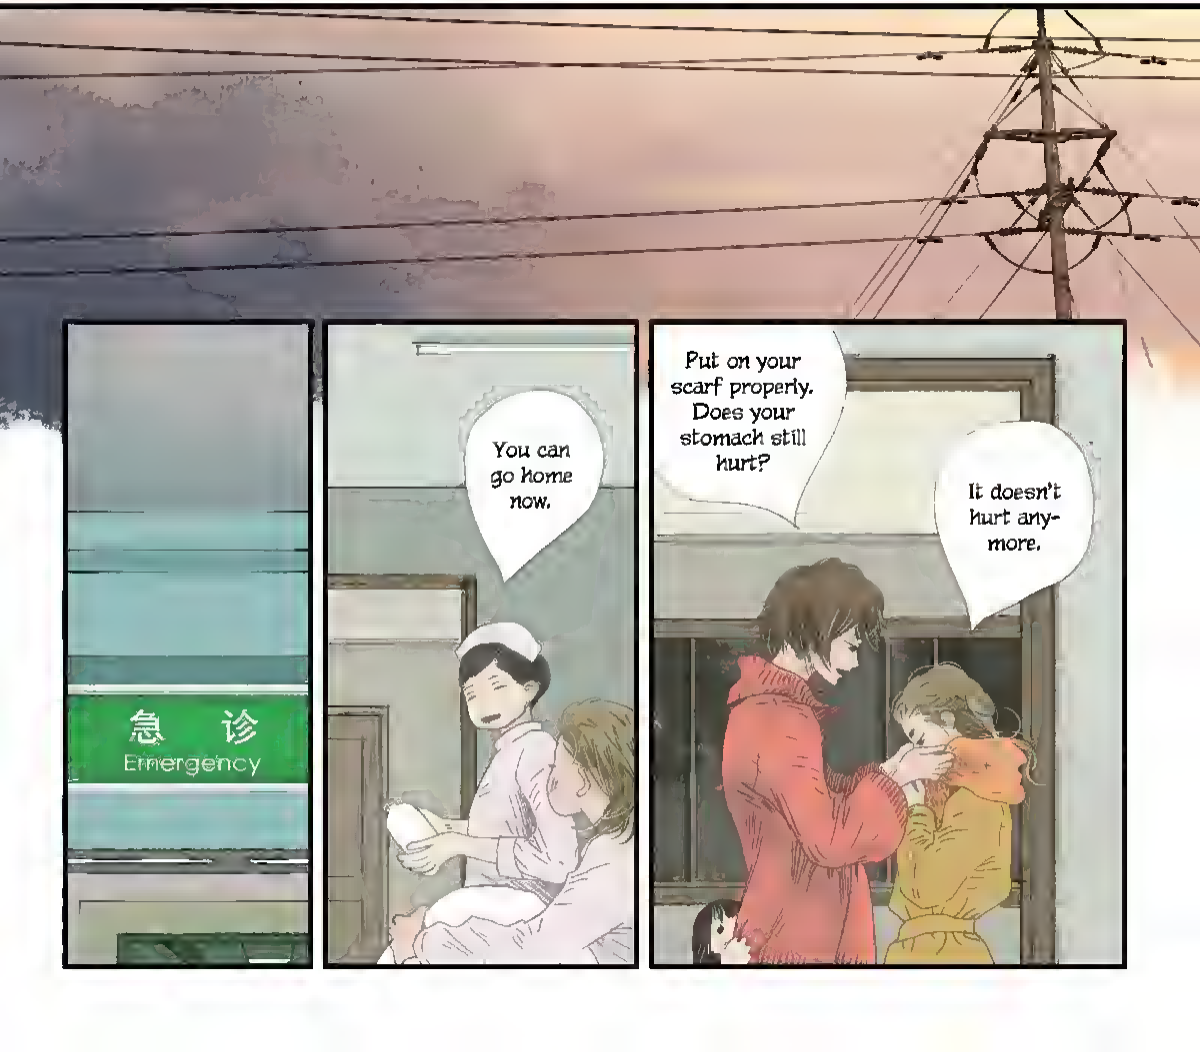


Your praise is misplaced.
I haven't done anything that deserves your admiration.

Fine, fine.
But in short, no matter if it's tough, or if you're sad, if no one knows about it,
then things become extremely difficult to bear, right?

Your efforts haven't gone unnoticed.
That's all I wanted to say.

Like I said, I haven't done anything that deserves your admiration.
I feel like you might not tell me but,
I still want to ask, where did you hear about my situation?



Of course I won't tell you! Where would be the fun in that?

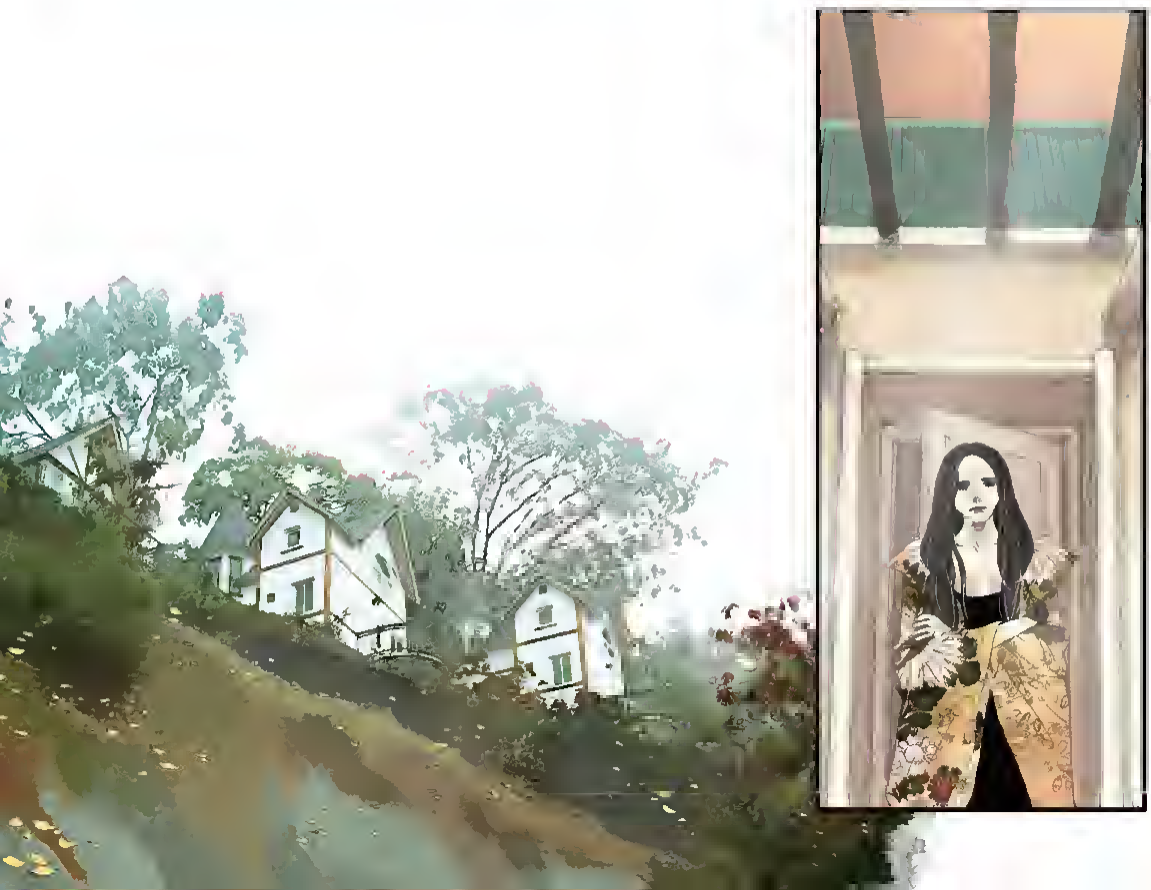
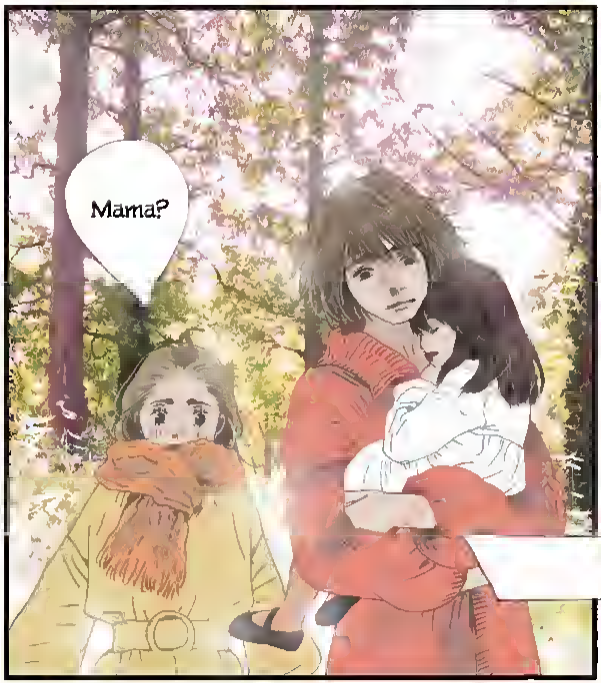
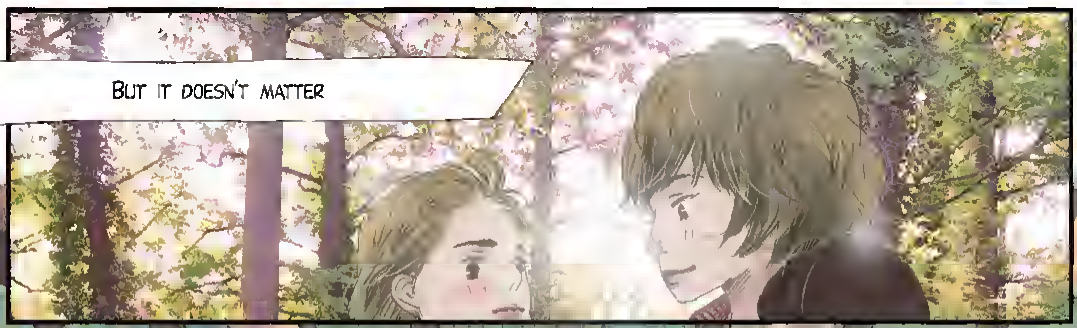
You can go home now.
Put on your scarf properly. Does your stomach still hurt?
It doesn't hurt anymore.

The doctor's greeting us.
The doctor's quite handsome.
Let's go home.



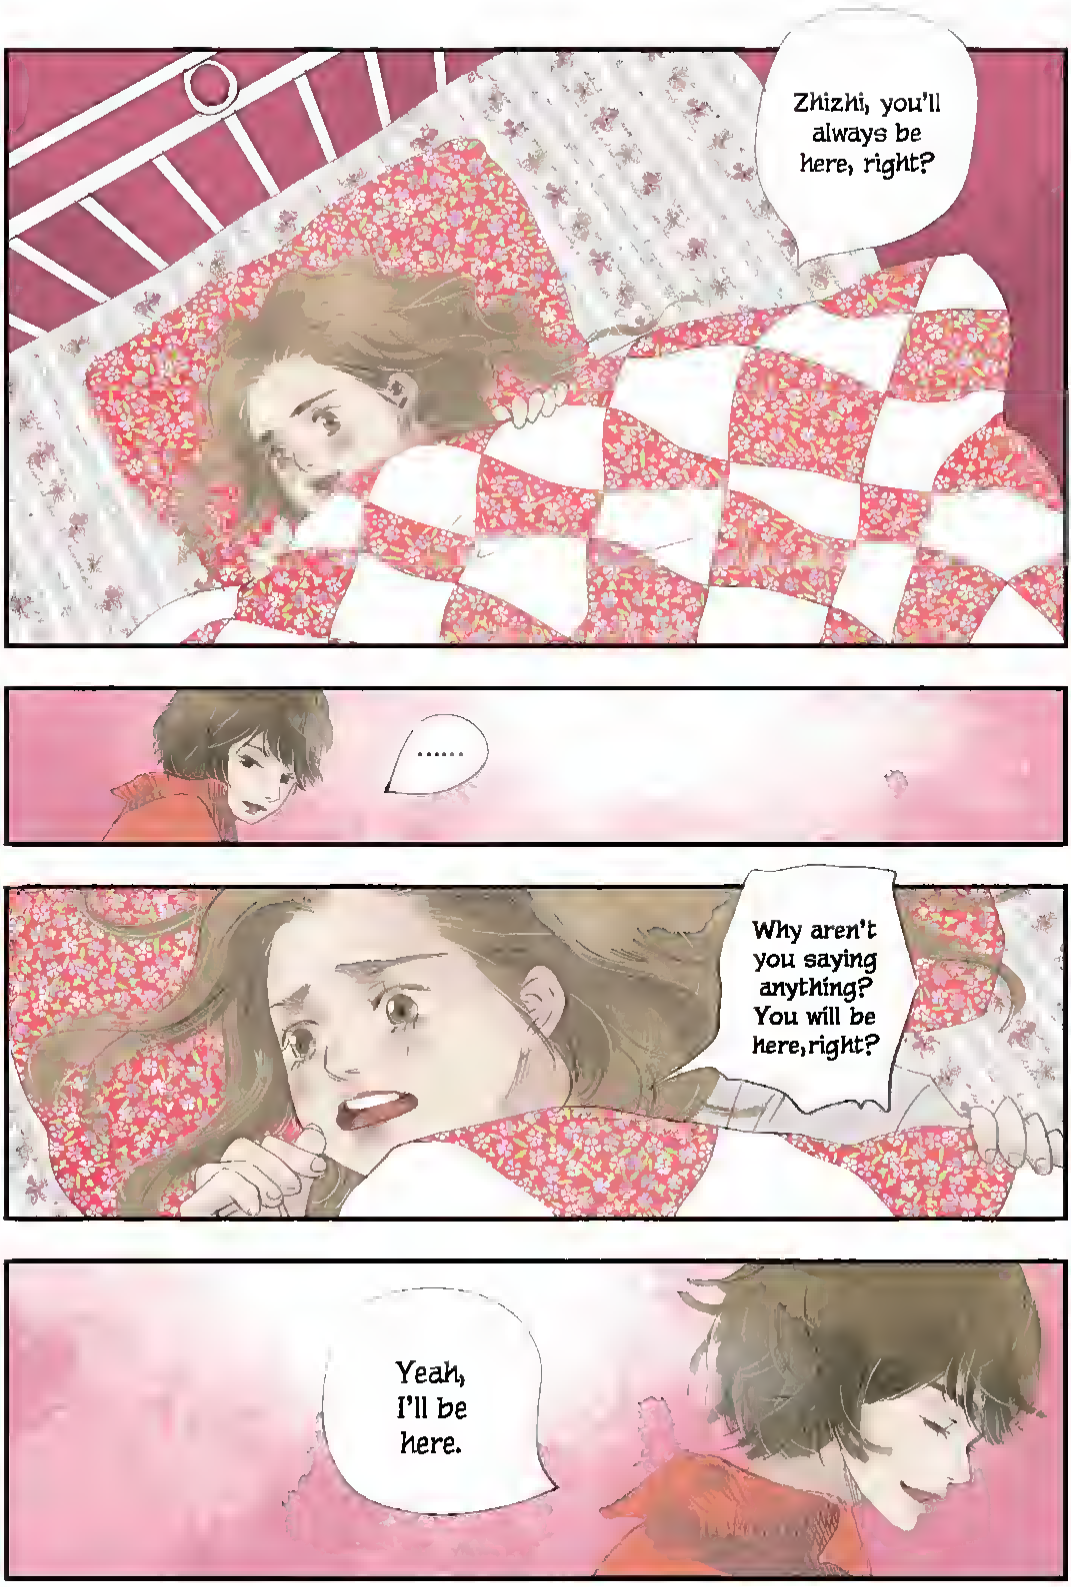


I CAN NEVER GUESS WHAT MY MOTHER IS THINKING.

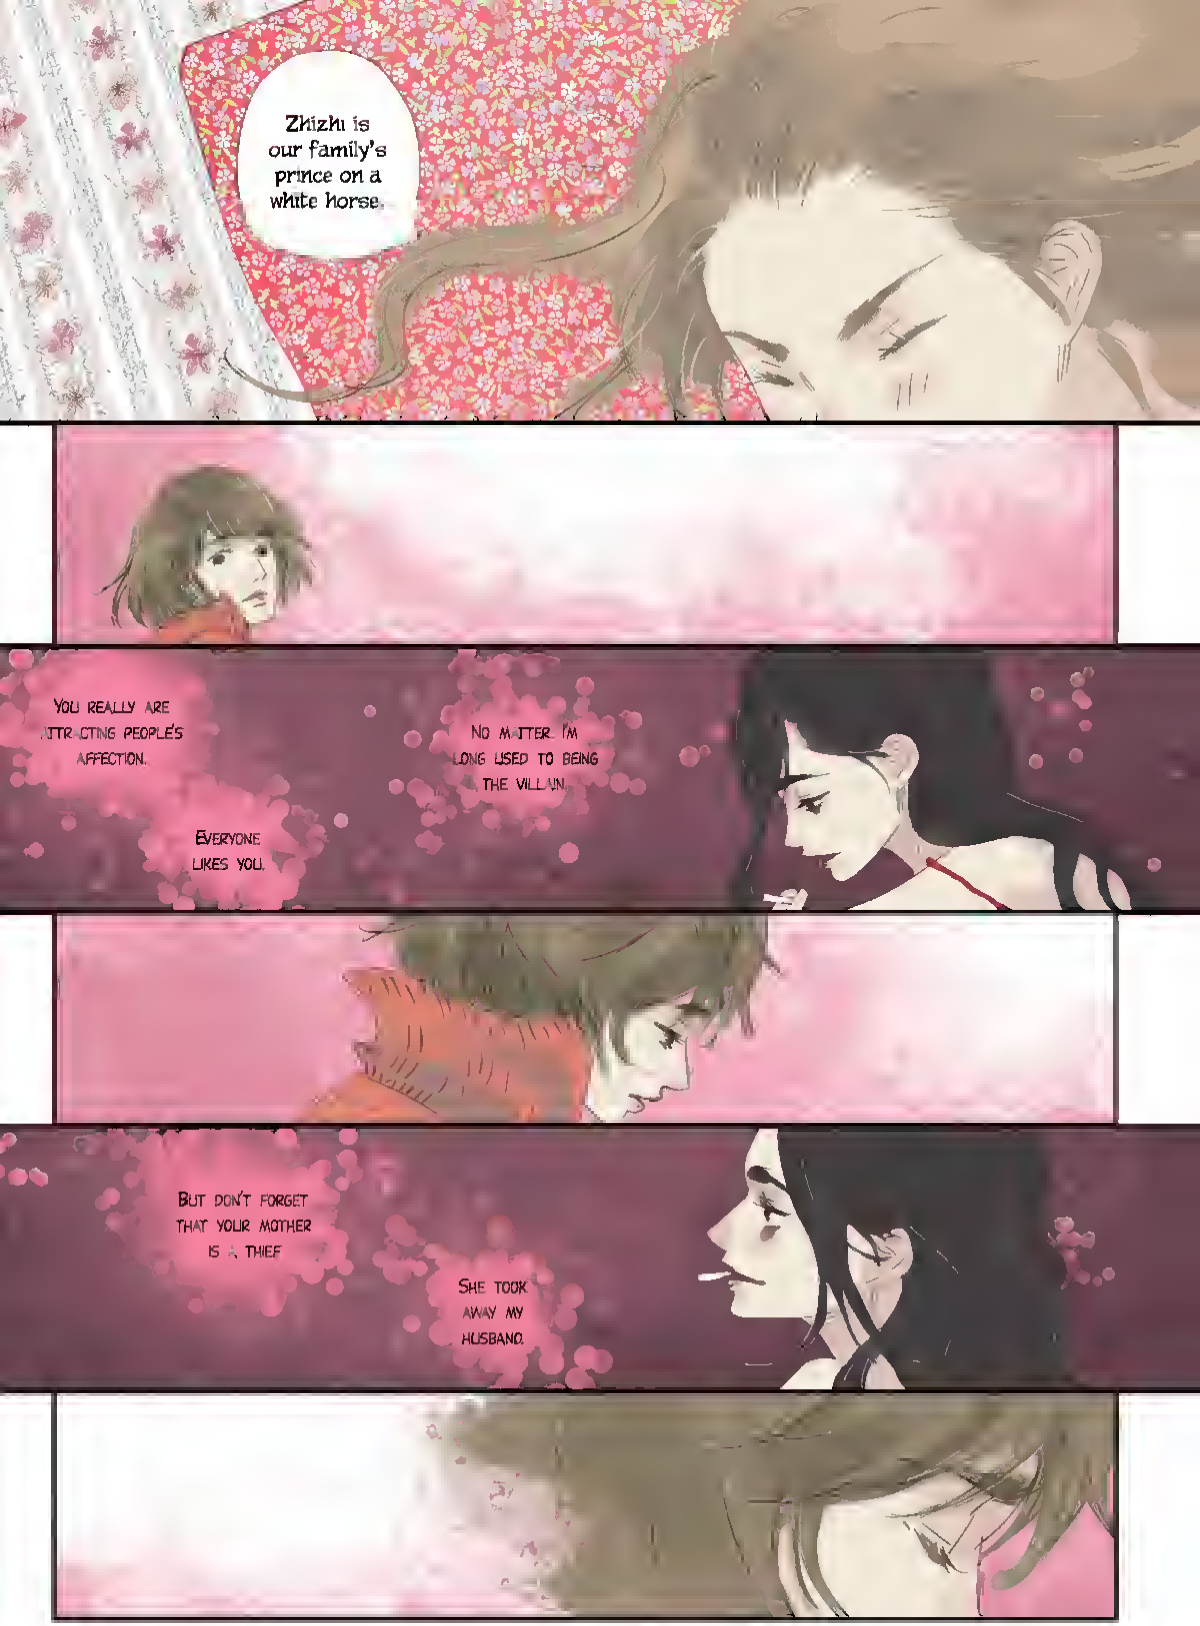


BUT IT DOESN'T MATTER

AS LONG AS ZHIZHI IS BY MY SIDE, NOTHING ELSE MATTERS



Zhizhi, you'll always be here, right?
.....
Why aren't you saying anything? You will be here,right?
Yeah, I'll be here.



Zhizhi is our family's prince on a white horse.
You really are attracting people's affection.
Everyone likes you.
No matter. I'm long used to being the villain.
But don't forget that your mother is a thief.
She took away my husband.

IF IT WEREN'T FOR YOUR MOTHER, MY HUSBAND WOULD HAVE NEVER DIED.
MURDERER.
